**WATER HEATER SELECTION GUIDE**

### ELECTRIC LOW CAPACITY
- **Model E** Small Capacity
  - Vertical electric storage tank water heater, 6-119 gallon capacity. Up to 6 KW in all 1 phase voltages. Available in cement lined, steel or copper alloy tank.

### ELECTRIC HIGH CAPACITY
- **Model HE, HSE** Horizontal, Ceiling Hung
  - Horizontal electric water heater installs above the ceiling, 19 or 30 gallon capacity. Up to 20 KW in all 1 or 3 phase voltages. Available in cement lined steel tank.

### GAS
- **Model CR** Circulation (Instantaneous)
  - Instantaneous electric heater for large commercial/industrial applications, 25-1600 KW in all 1 or 3 phase voltages.

### STEAM
- **Model BWX** Semi-Instantaneous
  - Vertical or horizontal steam fired packaged water heater, 80-5000 gallon capacity. ASME stamped, steam operating controls factory supplied. For large industrial and commercial applications.

### INDIRECT & STORAGE
- **Model HD & D** RO/DI Water Heater
  - Semi-instantaneous or storage type RO/DI water heater. Available from 1-119 gallon range. Up to 88 KW in all 1 or 3 phase voltages.

### SPECIAL PURPOSE
- **Model ME/MSE** Small Capacity
  - Vertical electric water heater, 6-119 gallon capacity. Up to 58 KW in all 3 phase voltages. Available in cement lined steel or stainless steel tank.

### MARINE
- **Model ME/MSE** Small Capacity
  - Vertical electric water heater, 6-119 gallon capacity. Up to 58 KW in all 3 phase voltages. Available in cement lined steel or copper-alloy tank. USCG compliant and ABS approved.

### TANKLESS
- **Model CE Series** Whole House/Point-of-Use
  - Model CE: High efficiency electric tankless water heater replaces storage tank and provides endless hot water for up to an entire home. Available in 3 thru 27 KW at 208/240 volt 1 phase power.

### MODEL INFO
- **Model CR** Circulation (Instantaneous)
  - Instantaneous electric heater for large commercial/industrial applications, 25-1600 KW in all 1 or 3 phase voltages.

### MODEL FEATURES
- **Model V** Process Systems & Industrial
  - All purpose, industrial grade, electric ASME stamped process water heater. Up to 88 KW in all 1 or 3 phase voltages. Numerous optional features available.

### MODEL SPECIFICATIONS
- **Model PS** Instantaneous
  - Compact high capacity and high efficiency steam fired heater. Heats up to 120 GPM. Steam heating system with integrated burner and stainless steel tank.

### MODEL OPTIONS
- **Model HD & D** RO/DI Water Heater
  - Semi-instantaneous or storage type RO/DI water heater. Available from 1-119 gallon range. Up to 88 KW in all 1 or 3 phase voltages.

### MODEL BENEFITS
- **Model CE Series** Whole House/Point-of-Use
  - Compact electric water heater installs directly under fixture, 1 and 2.5 gallon capacity. Up to 2,009 watts at 240 volt, 1 phase. Stainless steel tank provides maximum longevity.

### MODEL VARIATIONS
- **Model HD & D** RO/DI Water Heater
  - Semi-instantaneous or storage type RO/DI water heater. Available from 1-119 gallon range. Up to 88 KW in all 1 or 3 phase voltages.

### MODEL COMPLIANCE
- **Model CE Series** Whole House/Point-of-Use
  - High efficiency electric tankless water heater replaces storage tank and provides endless hot water for up to an entire home. Available in 3 thru 27 KW at 208/240 volt 1 phase power.

### MODEL SUPPORT
- **Model HD & D** RO/DI Water Heater
  - Semi-instantaneous or storage type RO/DI water heater. Available from 1-119 gallon range. Up to 88 KW in all 1 or 3 phase voltages.

### MODEL ACCESSORIES
- **Model ER** Hazardous Location
  - Electric water heater for use in hazardous locations, 10-6,500 gallon capacity. Up to 1,600 KW in all 1 or 3 phase voltages. Available in cement lined steel or stainless steel tank.

### MODEL CONFIGURATION
- **Model CR** Circulation (Instantaneous)
  - Instantaneous electric heater for large commercial/industrial applications, 25-1600 KW in all 1 or 3 phase voltages.

### MODEL INSTALLATION
- **Model CR** Circulation (Instantaneous)
  - Instantaneous electric heater for large commercial/industrial applications, 25-1600 KW in all 1 or 3 phase voltages.

### MODEL MAINTENANCE
- **Model CR** Circulation (Instantaneous)
  - Instantaneous electric heater for large commercial/industrial applications, 25-1600 KW in all 1 or 3 phase voltages.

### MODEL STORAGE
- **Model CR** Circulation (Instantaneous)
  - Instantaneous electric heater for large commercial/industrial applications, 25-1600 KW in all 1 or 3 phase voltages.

### MODEL ACCESSORIES
- **Model CR** Circulation (Instantaneous)
  - Instantaneous electric heater for large commercial/industrial applications, 25-1600 KW in all 1 or 3 phase voltages.

### MODEL PERFORMANCE
- **Model CR** Circulation (Instantaneous)
  - Instantaneous electric heater for large commercial/industrial applications, 25-1600 KW in all 1 or 3 phase voltages.
Engineered Water Heaters and Water Heating Systems

- Commercial
- Marine/Naval
- Foodservice
- Industrial
- Offshore
- Residential
